Dear John,

On Behalf of the members of Engine Company 30 and Ladder Company 25 I would like to express my sincere gratitude for having TEX's BBQ host the cookout. The food was excellent and I sincerely hope that by having your company do this very generous event that this will grow your business. The firefighters of Engine Company 30 and Ladder Company 25 were put in a very difficult position because the Chiefs at 115 Southampton Street didn't want to have a cookout. Although I didn't have the opportunity to meet you, I think you're a very kind, generous, and considerate person and wish you all the luck with your business and will try to promote your business very opportunity I get. I received a lot of complements on how good the food was and I think the people of West Roxbury will be calling you in the future because you have a well run company, great food and great employees.

Sincerely

Fire Captain Gerald E. Hogan
