

Hi John & Christie,

I am greatly appreciative for the BBQ for my husband's 50th birthday on August 16, 2008. It was a party I planned for months. That morning when the town of Winthrop lost their power and we had no where to go, Rob & Jamie helped me out. What the Winthrop Elk's did to myself & all of my guest is unforgivable, they continued to make me believe that my party for my husband was going to still go on and that the power was coming back on & instead when everyone arrived at 4:00pm they closed the doors on us at 5:00pm. They had no intention of having us stay for the party. Rob & Jamie then moved to another location, so I could continue the party. I am so grateful for what they did. I compensated them for this. Everyone at the party that moved to the new location loved the food, Rob & Jamie did a GREAT job. The beans, Ribs, & everything was excellent. Thanks Again

Sincerely & Greatly Appreciative

Katie Penza

P.S. We also made Channel 5 news that night.
